

## ACKNOWLEDGEMENT

I am indebted to many people who have contributed to the completion of this research. First, I am specially indebted to my Major-advisor, Lect. Somboon Kietinun, M.D., Co-advisor, Asst. Prof. Junya Pattaraarechachai, Lect. Thanu Chartananondh, M.D. and Sunthon Yutdhachana, Ph.D., for their constant encouragement and guidance throughout the course of this research.

I also gratefully acknowledge my indebtedness to Vinitha Nonlaaung, M.D. and Supara Choapreecha, M.D. and Lect. Pranee Channarong, Department of Psychiatry, Faculty of Medicine, Thammasat University, Lect. Pijitra Chaisingprasat, Department of Community and Psychological Health Nursing, Faculty of Nursing, Huachiew Chalemprakiet University, Khun Somporn Inkeaw and Supavadee Nonmanee, Department of Mental Health, Ministry of Publish Health Khun Pagarat Tavonvong, the eight of Registered Nurse, the Suanprung General Hospital, Cheang-Mai, for study tool editing.

I am grateful to the top management and internal researchers of sample schools in the second Pathumthani Officer of Education Service Area for their willingness to participate in this research.

Appreciation is also owing to the school administrators for their facilitation in researching.

I would like to express my appreciation to all of my friends in the Medical Science Program for their continuous friendship; great advice and encouragement, which lifted me up when I was down and made me pass through all the hard time of studying here.

I would like to express my appreciation to the Thai Health Promotion Foundation for granting me a scholarship.

Finally, I gratefully acknowledge the encouragement received from my family. Also, I would like to thank everybody who gave me all the support and assistance.
