List of figures	(6)	
List of tables	(7)	
Chapter 1	Introduction	1
Chapter 2	Background and development of Thai commercial banks	5
	First stage: 1906 – 1988, the stage of gradual development and adjustment	5
	Second stage: 1989 – 1996, the stage of financial liberalization or pre-crisis period	8
	Third stage: 1997 – 2000, the stage of financial crisis	14
	Fourth stage: 2001 – present days onwards, the stage of financial reforms after crisis or post-crisis period	17
	Comparison of pre- and post-crisis periods	21
Chapter 3	Literature review on bank efficiency	31
	I. Introduction	31
	II. Parametric frontier approach	32
	III. Non-parametric frontier approach	38
	IV. Combination of parametric and non-parametric frontier approach	43
	V. Correlated factors	46

	VI. Most related papers	47
Chapter 4	Methodology and data	51
	I. Inefficiency score measurement by the parametric approach	51
	II. Efficiency score measurement by the non-parametric approach	55
	III. Inefficiency score measurement by the combination approach	57
	IV. Comparison of inefficiency/efficiency scores	58
	V. Correlated factors	60
	VI. Data	62
Chapter 5	Empirical results	68
	I. Descriptive statistics	68
	II. Inefficiency/efficiency scores	80
	III. Correlated factors	95
	IV. Robustness test	105
Chapter 6	Conclusion	112
Appendix	Robustness test	117
	I. Inefficiency scores generated from the parametric approach (Stochastic Frontier Approach)	117
	II. Inefficiency scores generated from the combination approach (Stochastic Frontier Approach and Data Envelopment Analysis)	121
	III. Correlated factors	123
