

List of Tables

Table 4.1 Classification of Respondents Based on Institutions, Programs, and Faculties ...	102
Table 4.2 Summary of Measures for the Nine Latent Constructs	117
Table 5.1 Assessing Randomness of Missing Data through Group Comparison of Cases with Missing versus Valid Data on Please Oneself	126
Table 5.2 Coefficient Alpha Values for the Nine Self-Concept Constructs ($n = 515$)	129
Table 5.3 Item Correlation Matrix	131
Table 5.4 Correlation Matrix of Self-Concept Variables	132
Table 5.5 Testing for Multicollinearity	134
Table 5.6 Profiles of Respondents ($n = 515$)	135
Table 5.7 Analysis of Institutional Bias among the Three Universities Surveyed ($n = 515$)	136
Table 5.8 Analysis of Agglomeration Coefficient for Hierarchical Cluster Analysis ($n = 515$)	143
Table 5.9 Cluster Sizes for Final Hierarchical Clustering Results, Three to Eight Cluster Solutions ($n = 515$)	143
Table 5.10 Summary of Number of Cluster Members for D_2 Constrained and Unconstrained Scenarios ($n = 235$)	145
Table 5.11 Cluster Solution and Chance Corrected Coefficients of Agreement ($n = 235$) ...	145
Table 5.12 Mean Values of Clustering Variables ($n = 515$)	146
Table 5.13 Validity Check for the Cluster Solution ($n = 515$)	149
Table 5.14 Analysis of Skewness and Kurtosis ($n = 512$)	153
Table 5.15 Multivariate Results for Five-Cluster Discriminant Analysis	154
Table 5.16 Summary of Interpretive Measures for Five-Cluster Discriminant Analysis ($n = 512$)	155
Table 5.17 Values of Discriminant Functions at Cluster Centroids	159
Table 5.18 Summary of Sequential Discriminant Analysis	160
Table 5.19 Key Variables Employed to Describe Clusters	161
Table 5.20 Summary of Two-Cluster (Keen Pursuers versus the Other Clusters) Discriminant Analysis Results	166
Table 5.21 Summary of Interpretive Measures for Two-Cluster Discriminant Analysis (Keen Pursuers versus All Other Clusters Combined)	167
Table 5.22 Analysis of Skewness and Kurtosis ($n = 81$)	169
Table 5.23 Summary of Two-Cluster (Keen Pursuers versus Passives) Discriminant Analysis Results	170
Table 5.24 Summary of Interpretive Measures for Two-Cluster Discriminant Analysis (Keen Pursuers versus Passives)	171
Table 5.25 Summary of Hypotheses and Test Results	173
Table 6.1 Summary of Substantive Discriminating Self-Concept Variables	179
