

LIST OF TABLES

| TABLE | PAGE |
|---|------|
| 2.1 Major features of the divisions of Bangladesh..... | 10 |
| 3.1 Annual and Cumulated TFP growth in selected Manufacturing Sectors, from 1975-76 to 1983-84..... | 19 |
| 5.1 Availability of data for different variables..... | 52 |
| 5.2 Adjustments required at different points in time..... | 54 |
| 5.3 Gross Domestic Product at constant 1984-85 prices (million taka)..... | 56 |
| 5.4 Total cropped area in Bangladesh (acres)..... | 57 |
| 5.5 Comparing national capital stock series from different sources..... | 60 |
| 5.6 Final set of Capital Stock data (million taka) for the analysis..... | 61 |
| 5.7 Final set of data on the Employed Labor Force (thousands).. | 63 |
| 5.8 Factor Income Shares as per SAM 1993-94..... | 64 |
| 6.1 Results of the analysis at aggregate national level..... | 67 |
| 6.2 Contribution of factors at the aggregate national level..... | 68 |
| 6.3 Results of the analysis of the agricultural sector..... | 69 |
| 6.4 Contribution of factors at the agricultural sector..... | 69 |
| 6.5 Results of the analysis of the non-agricultural sector..... | 71 |
| 6.6 Contribution of factors at the non-agricultural sector..... | 71 |
| 6.7 Percentage distribution of the employed labor force by educational level at national level and for the major sectors.. | 73 |
| 6.8 Literacy rate in Bangladesh..... | 74 |
| 6.9 School attendance rate in different censuses..... | 74 |
| 6.10 Health indicators for Bangladesh..... | 75 |
| 6.11 Export of goods from Bangladesh..... | 76 |
| 6.12 Growth in export volume..... | 76 |

| | |
|--|-----|
| 6.13 Import of capital goods and materials for capital goods in Bangladesh..... | 77 |
| 6.14 Growth in import volume..... | 77 |
| 6.15 Degree of openness for the Bangladesh economy..... | 79 |
| 6.16 Transport infrastructure in Bangladesh..... | 81 |
| 6.17 Communication infrastructure in Bangladesh..... | 81 |
| 6.18 Energy infrastructure in Bangladesh..... | 82 |
| 6.19 Education infrastructure in Bangladesh..... | 82 |
| 6.20 Health infrastructure in Bangladesh..... | 83 |
| 7.1 Productivity change between years 1984-85 and 1999-2000. | 85 |
| 7.2 Summary of Results of DEA for the divisions..... | 86 |
| 7.3 Results of growth accounting for the divisions..... | 86 |
| 7.4 Contribution of factors in output growth in the divisions..... | 87 |
| 7.5 Number of schools in the divisions..... | 91 |
| 7.6 Medical facilities in divisions..... | 92 |
| 7.7 Total length of roads in divisions..... | 92 |
| 7.8 Number of telephones in greater divisions..... | 93 |
| 7.9 Adult literacy rate as per 2001 Population Census in the divisions..... | 94 |
| 7.10 Number of primary schools per square kilometer in the divisions..... | 94 |
| 7.11 Number of health complexes per 1000 square kilometer in the divisions..... | 95 |
| 7.12 Length of roads per square kilometer in the divisions..... | 95 |
| 7.13 Number of telephones per square kilometer in the divisions..... | 96 |
| 8.1 Summary of findings of the study..... | 99 |
| A1 Wholesale Price Indexes for Capital Goods..... | 105 |
| A2 Conversion of Non-Agricultural Capital Stock data to constant prices..... | 107 |

| | |
|---|-----|
| A3 Estimation of national capital stock data for the year 1995-96..... | 108 |
| A4 Estimation of divisional capital stock data for the year 1995-96..... | 108 |
| B1 Economically Active and Employed Population in different Surveys..... | 111 |
| B2 UFH and HH category as reported in different surveys..... | 111 |
| B3 Adjustment of HH category for the year 1984-85..... | 112 |
| B4 Adjustment of Economically Active Population for the year 1984-85 (thousand)..... | 113 |
| B5 Adjustment of employed labor force for the year 1984-85..... | 114 |
| B6 Adjustment of divisional labor force for the year 1984-85..... | 115 |
| B7 Adjustment of divisional labor force for the year 1989-90.... | 116 |
| B8 Adjustment of the divisional labor force in the year 1995-96.. | 117 |
| B9 Adjustment of the divisional labor force in the year 1999-2000 (thousand)..... | 118 |
| C1 Estimation of National Capital Stock using Investment Series..... | 122 |
| C2 Alternative analysis at aggregate national level..... | 123 |
| C3 Contribution of factors in second analysis at aggregate national level..... | 123 |
| C4 Alternative analysis of the non-agricultural sector..... | 123 |
| C5 Contribution of factors in the alternative analysis at non-agricultural sector..... | 124 |
| D1 Productivity change in divisions between years 1984-85 and 1989-90..... | 125 |
| D2 Productivity change in divisions between years 1989-90 and 1995-96..... | 126 |
| D3 Productivity change in divisions between years 1995-96 and 1999-2000..... | 127 |
| D4 Results of DEA for Barisal division..... | 127 |
| D5 Results of growth accounting for Barisal division..... | 128 |

| | |
|--|-----|
| D6 Contribution of factors in output growth in Barisal division. | 128 |
| D7 Results of DEA for Chittagong division..... | 128 |
| D8 Results of growth accounting for Chittagong division..... | 129 |
| D9 Contribution of factors in output growth in Chittagong division..... | 129 |
| D10 Results of DEA for Dhaka division..... | 129 |
| D11 Results of growth accounting for Dhaka division..... | 130 |
| D12 Contribution of factors in output growth in Dhaka division. | 130 |
| D13 Results of DEA for Khulna division..... | 130 |
| D14 Results of growth accounting for Khulna division..... | 131 |
| D15 Contribution of factors in output growth in Khulna division..... | 131 |
| D16 Results of DEA for Rajshahi division..... | 131 |
| D17 Results of growth accounting for Rajshahi division..... | 132 |
| D18 Contribution of factors in output growth in Rajshahi division..... | 132 |
| D19 Results of DEA for Sylhet division..... | 132 |
| D20 Results of growth accounting for Sylhet division..... | 133 |
| D21 Contribution of factors in output growth in Sylhet division. | 133 |
| E1 Land utilization statistics of Bangladesh (thousand acres).... | 134 |
