

**Goodness portion to the Present Thesis is Dedicated
for my Parents and Entire Teaching Staff**

ACKNOWLEDGEMENTS

I would like to express my deepest and sincere gratitude to my advisor, Assoc. Prof. Dr. Sugalya Amatachaya for her very kindness in providing an opportunity to be her advisee. I am also appreciated for her valuable supervision, suggestions, encouragement, supporting, guidance and criticism throughout the course of my study.

I would like to express my greatest appreciation and sincere gratitude to my co-advisors, Assoc. Prof. Dr. Jiamjit Saengsuwan and Dr. Prattra Watthanapun for their valuable advice, kindness useful comment and suggestion. Furthermore, I would like to express my greatest appreciation and sincere gratitude to my examiner, Dr. Patcharee Kooncumchoo, Dr. Lugkana Mato, and Asst. Prof. Wantana Siritaratiwat for their valuable advises kindness useful comment and suggestion and follow my subjects.

I am indebted to the office of National Research Council of Thailand (NRCT), the Improvement of Physical Performance and Quality of life (IPQ) research group, Faculty of Associated Medical Science, and the Graduate School, Khon Kaen University, Khon Kaen, Thailand for the financial support of my study.

Finally, I would like to express my greatest appreciation and sincere gratitude to my parents, Mr. Jantee and Mrs. Lamai who always took good care of me during my tough time and gave me chance to study.
