

ACKNOWLEDGEMENTS

I would like to express my appreciation to my advisors Prof. Dr. Somchart Soponronnari, Assoc. Prof. Dr. Somkiat Prachayawarakorn and Mrs. Patcharee Tungtrakul for their invaluable guidance, helpful suggestion and encouragement during the course of this study. I am also grateful to Prof. Dr. G.S. Vijaya Raghavan who is my oversea advisor for his advice and encouragement during my stay at McGill University, Canada. I am also grateful to my committee members, Assoc. Prof. Sakamon Devahastin, Assoc. Prof. Adisak Nathakaranakule and Asst. Prof. Chaleeda Borompichaichartkul for their valuable comments and suggestions on my study.

I would like to express their appreciation to the Royal Golden Jubilee Ph.D. Program (Grant No. PHD/0209/2551), King Mongkut's University of Technology Thonburi (KMUTT) and the National Science and Technology Development Agency (NSTDA) for their financial support. Thanks also to the Institute of Food Research and Product Development, Kasetsart University.

Furthermore, I would like to thank staff and all my friends in the Drying Technology Research Laboratory for their help.

Finally, I would like to give my thankfulness and deepest gratitude to my father, mother, sister and brother for their advices, love and understanding during the difficult time that I was far away from home, which make me succeed with the doctoral program.
