## ACKNOWLEDGEMENT

This thesis was supported by Asst. Prof. Dr. Ruetinan Samuttai, the advisor of this study; Assoc. Prof. Dr. Somsak Phuvipadawat, and Dr. Nampueng Intanate, co-advisors including all teachers in Faculty of Education, Chiang Mai University for giving me knowledge, correcting my mistakes or any errors with kindness until my thesis would be completed. With my deepest gratitude, I would really like to thanks to those people.

I would also like to show my gratitude to the chairman of this study, Assoc. Prof. Tay Chiengchee, Dr. Sunee Nguenyuang, the committee who helped me to coordinate my research especially in writing this report.

Additionally, I wish to offer my special thanks to all experts who participate in developing the research instrument and thanks to all sample groups who sacrifices their valuable time to give me the important data for this study. I am grateful to all school administrators, teachers, students who had been as the sampling group providing valuable time in this study.

Furthermore, I am grateful to Chiang Mai University for supporting me with the 2013 post- graduate scholarship, and National research council of Thailand for 2014 post-graduate scholarship. Also, a special thank goes to my classmates, and my younger friends in department of Research and Development in Education who have always given me encouragement and any suggestions about good ideas and also my writing.

Finally, I place on record, my sincere thank you to Mr. Norakij Chaiyasut, my father; Ms. Ampai Chaiyasut, my mother; and Asst. Prof. Dr. Chaiyawat Chaiyasut, my older brother for the continuous important encouragement. Last but not least, I would like to pay my regards to all teachers who has always given me knowledge, inspired me, and enlightened me all the time.

Khontaros Chaiyasut
