

ACKNOWLEDGEMENTS

This research could not be conducted without kind advice and warm support from many people throughout my master program. I would like to express my gratitude to everyone who always stood beside me. First of all, I am grateful for rigorous support and encouragement as always from Asst Prof. Dr. Siriporn Wajjwalku who is my thesis advisor. I also like to thank Asst. Prof. Dr. Soparatana Jarusombat and Dr. Nares Damrongchai for being on my committee and giving me valuable suggestions.

I do really appreciate for the willingness of cooperation, generous support and invaluable time of Dr. Yongsak Kachonpadungkitti as well as Asst. Prof. Dr. Kampol Ruchiwit with permission for in-depth interview. Many thanks to Mr. Hironobu Takano and Mr. Motofumi Takeshi for being as interviewees as well.

I would like to express my special thanks to my family and P'Jiew for your loving support, kindness, encouragement and understanding from the beginning of my master degree. I would like to acknowledge Robert for your invaluable time and great support for looking closely at the final version of the thesis for English style and grammar, correcting both and offering suggestions for improvement. Thank you to my brother P'Leow and my dear friends P'Ao, Pui, Orn and Kookai for your friendship, humor, encouragement, helping hands, your warm dormitory and memorable moments.

Finally, I do gratefully acknowledge to my family and cousin for their warm support and encouragement in difficult times as always.

Any deficiencies in this thesis are solely my own responsibility.
