

ACKNOWLEDGEMENT

In finishing this comprehensive thesis, I owe many thanks to many people in many ways. First, I would like to express my sincere appreciation and gratitude to my thesis advisor and committee members for their endless patience in making me mature academically and intellectually. Without their guidance and persistent help, the completion of the thesis would not have been possible.

I would like to thank my classmates for their continued moral support which they also needed badly as well as my colleagues at the Ministry of Foreign Affairs and friends who kept pushing me to complete my thesis before the deadline. It is a pleasure to convey my gratitude to them all in my humble acknowledgement.

Finally, I am forever indebted in every possible way to my family for their understanding, financial and intellectual support as well as encouragement when they were most required.
