

LIST OF FIGURES

FIGURE	PAGE
2.1 Principle of membranes process	3
2.2 Schematic diagram of the pervaporation process	4
2.3 Schematic diagram of the vapor permeation	5
2.4 The separation mechanism in carbon membrane	7
2.5 Structural formula of Kapton [®] polyimide	10
2.6 Structure and pyrolysis process of Kapton [®] polyimide	10
3.1 Schematic diagrams of the pervaporation apparatus	17
3.2 Schematic diagrams of the vapor permeation apparatus	18
4.1. Pervaporation fluxes as a function of time for (a) methanol, ethanol, IPA and acetone and (b) ethanol, IPA and acetone	22
4.2. Vapor fluxes as a function of time for (a) methanol, ethanol, IPA and acetone and (b) ethanol, IPA and acetone	23
4.3. Fluxes as a function of time for methanol/ethanol (20:80 wt. %) mixture (a) Fluxes from PV and (b) Fluxes from VP	26
4.4. Fluxes as a function of time for acetone/IPA (20:80 wt %) mixture (a) Fluxes from PV and (b) Fluxes from VP	28
4.5. Fluxes as a function of time for methanol/acetone (20:80 wt %) mixture (a) Fluxes from PV and (b) Fluxes from VP	30
4.6. Fluxes as a function of time for acetone/ethanol (50:50 wt %) mixture (a) Fluxes from PV and (b) Fluxes from VP	32
A.1 Calibration curve of vapor methanol for sample volume 1.50 ml	38
A.2 Calibration curve of vapor methanol for sample volume 3.00 ml	39
A.3 Calibration curve of vapor ethanol for sample volume 3.00 ml	40
A.4 Calibration curve of vapor isopropanol for sample volume 3.00 ml	41
A.5 Calibration curve of vapor acetone for sample volume 3.00 ml	42
A.6.1 Calibration curve of vapor acetone for sample volume 3.00 ml	43
A.6.2 Calibration curve of vapor ethanol for sample volume 3.00 ml	44
C.1 Partial pressure of methanol for sample volume 1.50 ml	51
C.2 Partial pressure of methanol for sample volume 3.00 ml	52
C.3 Partial pressure of ethanol for sample volume 3.00 ml	53
C.4 Partial pressure of isopropanol for sample volume 3.00 ml	54
C.5 Partial pressure of acetone for sample volume 3.00 ml	55
C.6.1 Partial pressure of acetone for sample volume 3.00 ml	56
C.6.2 Partial pressure of ethanol for sample volume 3.00 ml	57

LIST OF FIGURES (Con't.)

TABLE	PAGE
D.1 Partial pressure of methanol in feed	59
D.2 Partial pressure of ethanol in feed	60
D.3 Partial pressure of isopropanol in feed	61
D.4 Partial pressure of acetone in feed	62
D.5.1 Partial pressure of acetone in feed	63
D.5.2 Partial pressure of ethanol in feed	64
