ACKNOWLEDGEMENTS

Completion of this thesis was possible with the support of many people. I would like to take this opportunity express my sincere gratitude to them. First, I would like to thank my major advisor, Assoc. Prof. Yupin Sanvarinda for her kindness, understanding, valuable guidance, and consistent encouragement during the course of my work.

Sincere thank for Dr.Pimtip Sanvarinda, my co advisor who provide excellent guidance. Her wide knowledge and her logical way of thinking have been of great value for me. Without her, my work would not pass though and would not be completed.

I would like to thank Assist. Prof. Nattinee Jantaratnotai, my co advisor for a good guidance and her supporting. I am grateful to Dr. Anusorn Thampithak for kindly provide his valuable time to be a chair in the thesis examination. Special thanks go to Prof. Piyarat Govitrapong, Assist. Prof. Surawat Jariyawat, Pol.Lt.Col. Theerin Sinchai, and Dr. Yamaratee Jaisin for their valuable suggestion and their kindness to support me on various applications.

I wish to express my gratitude to the National research council of Thailand for financial support in this research.

I would like to say thank to all members of room B509 including the graduated students for helping me in many aspect, and warm friendship during my university life.

Lastly, and most importantly, I would like to thank my family who always gives me greatest love, power and help me get though difficult time. Thank for supporting me throughout all my studies at Mahidol University.
