IV RESULTS OF THE STUDY.....	86
Part 1: As per the first objective one pre-test of experimental and control groups were compared.....	88
Part 2: As per the objective two students' mathematics achievement of pre-test and post-test of the experimental group was compared.....	89
Part 3: As per the objective three students' mathematics achievement of post-test of experimental and control group was compared.....	90
Part 4: As per the objective for the social skills of experimental group, before and after cooperative learning was compared.....	91
