Acknowledgements

My most sincere gratitude goes to my thesis advisor, Assoc. Prof. Dr. Sumalee Chinokul, for constant encouragement, guidance and assistance during my work. She is an incredibly ideal teacher. I am also deeply grateful to the research committee members: Assoc. Prof. Dr. Supanee Chinnawongs and Dr. Somsri Jansom for their critical feedbacks and kindest support.

I am particularly indebted to all of the expert participants who contributed their time and insightful suggestions and helped validating the research instruments: Assoc. Prof. Dr. Punchalee Wasanasomsithi, Dr. Suthida Masuthon, Dr. Ruedeerath Chusanachoti, Assist. Prof. Dr. Apasara Chinwonno, Assoc. Prof. Phan Banpho, Dr. Chatraporn Piamsai, Dr. Rungrawee Samawathdana, Dr. Maneerat Ekkayokkaya as well as Mr. Matthew Tyne who kindly edited my thesis carefully within a limited time.

Last but not least, I would like to dedicate this thesis to my mom, Daengtoy Singpong, from whom my strength derives and my dad, Suriyan Chetsadanuwat, from whom my moral support was given. Their unconditional love, continuous support and strong belief in me not only helped me make this thesis real but also helped me realize the significance of life and time of a man. This achievement is truly dedicated to them.
