

ACKNOWLEDGMENTS

I wish to express appreciation to my advisor, Assoc. Prof. Dr. Virote Boonamnuayvitaya, for his guidance and encouragement throughout this research work. I gratefully acknowledge the members of the committee, including external examiners, Assoc. Prof. Dr. Somnuk Jarudilokkul, Assoc. Prof. Dr. Somkiat Prachayawarakorn, Asst. Prof. Dr. Siriluk Chiarakorn and Prof. Dr. Piyasan Praserttham, for their support and constructive comments. Moreover, I would like to thank the staff of the Scientific and Technological Research Equipment Centre, Chulalongkorn University, Kasetsart University Research and Development Institute, Scientific Equipment and Research Division, Kasetsart University, National Metal and Materials Technology (MTEC) Center National Nanotechnology Center (NANOTEC), National Science and Technology Development Agency, Ministry of Science and Technology, Thailand, the Joint Graduate School of Energy and Environment, School of Energy, Environment and Materials, Department of Chemical Engineering and Scientific Instruments Centre for Standards and Industry, King Mongkut's University of Technology Thonburi for scientific equipment support.

In addition, I would like to thank the Joint Graduate School of Energy and Environment and the Royal Golden Jubilee Ph.D. Program, the Thai Research Fund (TRF) for financial support.

Lastly, I heartily thank my family who constantly supported and encouraged me throughout the course and research work of the doctoral program.
