

ACKNOWLEDGEMENTS

I would like to express my appreciation to my supervisor, Asst. Prof. Dr. Nipon Pisutpaisal, for his patience and guidance during the whole period of the Ph.D. study and Dr. Verawat Champreda for his support in molecular techniques research. Sincere thanks and appreciation are addressed to Assoc. Prof. Dr. Sirintornthep Towprayoon and Asst. Prof. Dr. Siriluk Chiarakorn and Prof. Dr. Sumaeth Chavadej, member of the committee for their constructive suggestions. Dr. Slawomir Ciesielski teaches at UWM, Poland. I am grateful for the scholarship support of the JGSEE. Also, my sincere thanks go to my family for their spirit and supporting.
