

ACKNOWLEDGEMENTS

I would like to take this opportunity to express my deepest gratitude and appreciation to all those who have helped me with this research. Without their constant support, I would not have completed this study.

First of all, I would like to express my deep appreciation and sincere gratitude to Faculty of Industrial Education, King Mongkut's Institute of Technology Ladkrabang (KMITL), Bangkok, Thailand, for giving me research fund and opportunity in doing this study.

My appreciation is also extended to all of the administrative staff as well as the Department of Applied Linguistics, KMITL, for providing me facilities, and cooperation throughout the study.

My sincere appreciations are also extended to my research instrument specialists for their valuable comment and continual support while processing my study. Their valuable time and useful guidance will always be appreciated.

Special thanks also go to my dear sister, Assistant Professor Worasiri Thampradit, and my dear daughter, Miss Rapeepan Maitree, for their endless love, continual encouragement and undoubted support throughout my research.

My thankfulness also goes to my students who voluntarily and wholeheartedly participated in this research. Without their cooperation, this research cannot be fulfilled.
