

TABLE OF CONTENTS

ABSTRACT	(1)
ACKNOWLEDGMENTS	(2)
CHAPTERS	
1. INTRODUCTION	1
2. REVIEW OF LITERATURE	
2.1 Involvement	9
2.1.1 Types of Involvement	10
2.1.2 Levels of Involvement	12
2.1.3 Intervening Variables	13
2.1.4 Attitude Formation	15
2.1.5 Commitment versus “Frustration Effect”	16
2.2 Judgment and Decision-Making Research	
2.2.1 Judgment and Decision-Making Research	20
2.2.2 Performance Evaluation Using the BSC Research	21
3. RESEARCH HYPOTHESES AND RESEARCH DESIGNS	
3.1 Experiment I: The “Commitment Effect”	
3.1.1 Hypothesis Development	25
3.1.2 Experimental Task	27
• Experimental Design	28
• Experimental Conditions	29
• Regression Models and Variables Definitions	30
• Experimental Procedure	32
3.1.3 Participants	34
3.2 Experiment II: The “Frustration Effect”	
3.2.1 Hypothesis Development	36
3.2.2 Experimental Task	38
• Experimental Design	39
• Experimental Conditions	39

	Page
CHAPTERS	
3.2.2 Experimental Task	
• Regression Models and Variables Definitions	41
• Experimental Procedure	45
3.2.3 Participants	46
4. FINDINGS AND RESULTS	
4.1 Manipulation Checks for Experiment I and Experiment II	48
4.2 Results for Experiment I	51
4.3 Results for Experiment II	54
5. CONCLUSIONS AND RECOMMENDATIONS	
5.1 Summary of this Study	59
5.2 Research Implications and Contributions	61
5.2 Limitations to this Study and Future Research	64
REFERENCES	65
APPENDIX	
Appendix A: Experimental Materials for Experiment I	73
• Case Material for Experiment I: <i>No-involvement</i> condition	74
• Case Material for Experiment I: <i>Involvement</i> condition	95
Appendix B: Experimental Materials for Experiment II	125
• Case Material for Experiment II: Part 1 and Part 2	126
• Case Material for Experiment II: Part 3	
○ Choice-all-received condition – Choose Set A, Get Set A..	139
○ Choice-all-received condition – Choose Set B, Get Set B..	154
○ Choice-half-received condition	169
○ Choice-not-received condition – Choose Set A, Get Set B..	184
○ Choice-not-received condition – Choose Set B, Get Set A..	199
