3	Journey	to travel, to make a trip or voyage	Voyage	A long journey; especially by ship.
4	Boy	A boy is a young male human (usually child or adolescent), as contrasted to its female counterpart, which is called a girl; thus in the wide sense of both terms all mankind, and in the strictest sense youth, can be seen as the complementary pair 'boys and girls'.	lad	an informal reference to a boy or more generally male, especially in the Scottish diminutive form laddie (parallel to lassie 'girl')
5	Coast	The coast is defined as the part of the land adjoining or near the ocean. A coastline is properly a line on a map indicating the disposition of a coast, but the word is often used to refer to the coast itself.	shore	A shore or shoreline is the land at the edge of a large body of water, such as an ocean, sea, or lake. Shores are influenced by the topography of the surrounding landscape, as well as by water induced

6	Asylum	once known as an insane asylum, is a hospital specializing in the treatment of persons with mental illness	Madhouse	A psychiatric hospital (also called at various places and times, mental hospital, mental ward, sanitarium or asylum) is a hospital specializing in the treatment of persons with mental illness.
7	Magician	A person who plays with or practices magic. A spiritualist or practitioner of mystic arts (often derogatory). A performer of tricks or an escapist.	wizard	A wizard is a person with magical powers, exceptional or extraordinary abilities, or a high standing within an organization.
8	Midday	Midday (commonly referred to as The Midday Show) was a television show that aired on Australia's Nine Network from 1985-1998. The show aired, like its title suggests, at noon on every weekday and was a variety show, with various international musical guests and interviews taking place.	Noon	Noon is the time exactly halfway through the day, written 12:00 in the 24-hour clock and 12:00 noon in the 12-hour clock. Midday is also used as a Synonym for noon, although this may also be a more general term to mean around noon, or very early afternoon.

9	Furnace	A furnace is a device used for heating. In American English, the term furnace on its own is generally used to describe household heating systems based on a central furnace (known either as a boiler or a heater in British English), and sometimes as a Synonym for kiln, a device used to fire clay to produce ceramics.	Stove	A stove is a heat-producing device. The word typically describes an appliance used either for generating warmth or for cooking. In British English, however, the term cooker is normally used for the cooking appliance, and stove for a wood- or coal-burning room-heating appliance. Another American English word for a kitchen or cooking stove is range.
10	Food	Food is any substance, usually composed primarily of carbohydrates, fats, water and/or proteins, that can be eaten or drunk by an animal for nutrition and/or pleasure.	Fruit	The part of a plant, often edible, often colourful/colorful and fragrant, produced from a floral ovary after fertilization and containing one or more seeds.

18	Monk	A monk is a person who practices religious asceticism, the conditioning of mind and body in favor of the spirit. The concept is very ancient and can be seen in many religions.	Oracle	An oracle is a person or persons considered to be the source of wise counsel or prophetic opinion; an infallible authority, usually spiritual in nature. It can also be a prediction of the future, from deities, that is spoken through another object or life-form.
19	cemetery	A cemetery is a place in which dead bodies and cremated remains are buried. The term cemetery implies that the land is specifically designated as a burying ground. Cemeteries in the Western world are the place where the final ceremonies of death are observed.	woodland	a woodland is a treed area differentiated from a forest. In these terms, a forest has a largely-closed canopy; the branches and foliage of trees interlock overhead to provide extensive and nearly continuous shade.

20	Food	Food is any substance, usually composed primarily of carbohydrates, fats, water and/or proteins, that can be eaten or drunk by an animal for nutrition and/or pleasure.	Rooster	A rooster or cock (lmao) is a male chicken, (Gallus gallus) the female being a hen. A young cock is also called a dongerel or cockerel. The term "rooster" is reputedly so used because the cock is said to roost over clutches of eggs to guard them.
21	Coast	The coast is defined as the part of the land adjoining or near the ocean. A coastline is properly a line on a map indicating the disposition of a coast, but the word is often used to refer to the coast itself. The adjective coastal describes something as being on, near to, or associated with a coast.	Hill	A hill is a landform that extends above the surrounding terrain, in a limited area. Hills often have a distinct summit, although in areas with scarp/dip topography a hill may refer to a particular section of scarp slope without a well-defined summit (e.g. Box Hill).
