ABSTRACT

I created my work for Thesis by the theme of " Life and state of change " It's rare to see the fact is the strong point change for the body of life instance, the sickness, the decline of all things they go up to die. For the finally . I present my believe of soul and the mystevous dimension of last life in time that I can't reach them to prom the pact so I take the knowledge to become my work of art in the way of imagination beyound the truth and take the "Fish" form to become my thesis by this theme
