

CURRICULUM VITAE

Name-Surname Wera Phaphuangwittayakul
Date of Birth 8 February 1961
Province Nakorn Pratom
Education M.Sc. (Post harvest), Chiang Mai University, Thailand.
 B. Eng. (Agricultural Engineering), Kasetsart University, Bkk
 Thailand.
Affiliation Lecturer, Faculty of Engineering, Chiang Mai University
Thailand.
e-mail-phaphuang@hotmail.com

Publication in Refereed Journals and Proceedings

- Phaphuangwittayakul,W., Khamonpet, P ; Terdtoon, P., Vorayos, N.,
 Klongpanich,W., and ;: Heat Transfer Characteristics of Loop
 Thermosyphon Applied in Heat Pump Dryer, The 7th International Heat
 Pipe Symposium, Jeju, Korea, 2003.
- Phaphuangwittayakul,W.,Limpiti,S.,and Alikhani,Z.: Modification and
 Testing of a Batch Dryer for Un-Peel Longan Dryer,Proc. International
 Conference on Innovation in Food Processing Technology and
 Engineering ,AIT, Bangkok,Thailand, 2002.
- Phaphuangwittayakul,W., Terdtoon,P., Khamonpet,P., Vorayos,N.,
 Klongpanich,W.,and Fulford,D.:. Effect of By-Pass Air Ratios and
 Recirculation Air Ratios on Heat Transfer Characteristics of Heat-
 Pump Type Dryer with Looped Thermosyphon as Energy Saver Proc.
 The 12th International Heat Pipe Conference, Russia, 2002.
- Phaphuangwittayakul,W., Terdtoon,P., Tantakom,P., Vorayos,N.,Fulford,D.:.
 Loop Thermosyphon as An Energy Saver in Heat-Pump Type Dryer,
 6th International Heat Pipe Symposium-2000, Chiang Mai, Thailand,
 2000.

Terdtoon, P., Phaphuangwittayakul, W., Tantakom, P., Chaitep, S.,: Loop Thermosyphon for Ice Storage System of the Air-Condition System, Proc. The 1th HAS Symposium on Science and Technology (1HSASST), Chiang Mai, Thailand, 1999.

Terdtoon, P., Chaitep, S., Phaphuangwittayakul, W., Tantakom, P.,: Loop Thermosyphon as An Energy Saver in Longan Dryer, Proc. The 11th International Heat Pipe Conference, Musashinoshi Tokyo, JAPAN, 1999.

Terdtoon, P., Phaphuangwittayakul, W., Tantakom, P., Chaitep, S.,: Refrigerant blends as a Working Fluid of a Closed Two-Phase Thermosyphon, Proc. Twentieth International Congress of Refrigeration 20th Congress International du Froid, Sydney, Australia, 1999.
