

## ACKNOWLEDGEMENTS

This thesis was accomplished by great mercy from thesis advisor, Assistant Professor Doctor Sittipong Dilokwanich who took tremendous effort and endurance to push me along till getting the thesis done. I would like to express my gratitude to Associate Professor Doctor Kampanad Bhaktikul, Assistant Professor Doctor Wirat Kamsrichan and Associate Professor Doctor Soparatana Jarusombat in giving valuable idea and recommendation on this thesis.

I would like to express my appreciation to all lecturers in the Faculty of Environment and Resource Studies including all faculty staff who always lend me their helpful hand.

I would like to thank all ETS1 colleagues who encouraged me in the time of disappointment and discouragement. Ban Na Mai Community people and Local Organization Officers also indispensably contributed on the accomplishment of this thesis, I would like to thank for their compassion and mercy to accommodate and host me fine meals every time I went there for field research.

Thank you for the Office of the National Research Council of Thailand who supported the award for this thesis.
