

**Goodness Portion to the Present Thesis is Dedicated
for my Parents and Entire Teaching Staff**

ACKNOWLEDGEMENTS

I would like to express my deepest gratitude and sincere appreciation to Associate Professor Dr. Jintanaporn Wattanathorn, my major advisor, for her valuable suggestion, supervision, understanding, encouragement and helpfulness throughout my study and everything in my life. I deeply appreciate for her kindness.

I would like to express my greatest appreciation and sincere gratitude to Assistant Professor Dr. Supaporn Muchimapura, Associate Professor Dr. Terdthai Tong-un, Assistant Professor Dr. Panakaporn Wannanon and Associate Professor Dr. Kowit Chaiciwamongkol, my co-advisor for their valuable guidance, encouragement, helpfulness and suggestion.

I am grateful to Assoc. Prof. Dr. Panee Sirisa-ard and Dr. Wipawee Thukhammee my qualify examination committee for serving on the supervisory committee for my thesis.

Grateful is also expressed to all of my teachers for their instruction, my friends and member of the Department of Physiology, Integrative Complementary Alternative Medicine Research and Development Center, Faculty Medicine, Khon Kaen University.

This study was supported from National Research Council of Thailand, The Higher Education Research Promotion and National Research University Project of Thailand, Office of the Higher Education Commission, through the Food and Functional Food Research Cluster of Khon Kaen University, The graduate School of Khon Kaen University and Integrative Complementary Alternative Medicine Research and Development Center, Faculty Medicine, Khon Kaen University, Thailand.

Finally, I do extremely appreciate my beloved family, for their care, financial support, and encouragement throughout my life.

Paphaphat Thiraphatthanavong
