#### Abstract

This thesis presents a study of the sound system of Khmu spoken at Ban Nampan village, in Chon Daen sub-district, Chiang Klang district of Nan province.

The thesis is divided into 6 chapters. Chapter 1 is the introduction which gives general information about the Khmu. Chapter 2-5 is a description of Khmu phonology starting from the Intonation Group down to the Phoneme. Chapter 6 gives the conclusions and suggestions for further studies.
