Major Subject : Southeast Asian Language and Linguistics

Thesis Advisor : Dr. Christian Bauer

Date of Graduation : 27 October 1986

ABSTRACT

This thesis is a study of the phonology of Mon at Ban Khlong Khru, Tambol Thasai, Amphoe Muang, Samut-Sakhon Province.

The thesis is divided into six chapters. Chapter 1 gives general information about the Mons. Chapters 2 to 5 give a phonological description of the Intonation Group, the Phonological Word, the Syllable and the Phoneme. Chapter 6 is the conclusion, and provides some suggestions for further studies.
