

ACKNOWLEDGEMENTS

I would like to express my sincere thanks to the followings:

The Thailand Research Fund (DBG 5180021, fiscal year 2008–2011).

Professor Dr. Vichai Boonsaeng, Director of Academic Research Division, the Thailand Research Fund, and his review panel for their kind permission for me to undertake the fund to carry out this project as well as their invaluable scientific discussion on this research work. The system organized to direct and support the project is much appreciated. Well-trained staff, especially Ms. Sujaree Sonngay, for her willingness to answer all kind of questions and being helpful.

My research colleagues: Asst. Prof. Pojane Srimanote, Thammasart University; Asst. Prof. Kanokwan Kittiniyom, Asst. Prof. Wijit Wonglumsom, Mahidol University; Asst. Prof. Boon-ek Yingyongnarongkul, Ramkamhaeng University; Prof. Dr. Winyou Mitranun, Asst. Prof. Sunisa Siripongvutikorn, Assoc. Prof. Wilawan Mahabusarakam, Assoc. Prof. Nongporn Hutadilok-Towatana, Assoc. Prof. Nongyao Sawangjaroen, Assoc. Prof. Sanan Subhadhirasakul, Dr. Metta Ongsakul, Assoc. Prof. Wilawan Jaroenjiratrakoon, Prince of Songkla University; Professor Darah Ibrahim, Universiti Sains, Malaysia; Professor Julian Davies, University of British Columbia, Canada; Professor Oliver Kayser, Groningen University; Professor Peter Taylor, University of London.

My postdoctoral fellow, Dr. Nantiya Joycharat; ex-Ph.D. students, Dr. Surasak Limsuwan, Dr. Sasitorn Chusri, Dr. Sakol Suwalak, Dr. Beatrice O.T Ifesan, Dr. Sueptrakoon Wisessombat, Dr. Wipawadee Sianglum , Dr. Asadawut Hiranrat; Ph.D. students: Ms. Jongkon Saising, Ms. Sukanlaya Leejae; M.Sc. students: Ms. Suhaila Dola, Ms. Chulida Hamtasin for their contributing effort to this work.

Especially, my family for their love and understanding.

Supayang Piyawan Voravuthikunchai
