

Narupong Veera-archakul 2006: Landscape Design and Planning of Sai Yok Yai Resort, Amphoe Sai Yok, Changwat Kanchanaburi. Master of Science (Agriculture), Major Field: Horticulture, Department of Horticulture. Thesis Advisor: Associate Professor Uamporn Veesommai, M.A. 161 pages.
ISBN 974-16-2660-6

Sai Yol Yai Resort is located at Amphoe Sai Yok, Changwat Kanchanaburi. This resort has a total area of approximately 33.8 rais, composed of flat plain, hill and Kwai Noi riverside. The accommodation area consists of 2 3-storied buildings, 8 single-room houses, 3 double-room houses and camp ground, serving approximately 144 tourists. There are also activity area, tourist place, restaurant, shop, facilities, and protected area.

The study of landscape design and planning of Sai Yok Noi Resort started from collecting data of the project area and interviewing the tourists and owner to establish design concept. The design divides the area into 6 zones: miniature city zone, nursery and maintenance zone, activities zone, tourists accommodation zone, campground zone, and owner's residential zone. Site planning is aimed for efficiency, beauty, and tidiness. The design considered suitability between activity, existing environment, and natural resources conservation. Detail plans are presented for implementation. The cost estimation is submitted to the owner for actual construction.
