

Chanadda Thanatriroj 2007: Web Page Design on Reading Conclusion Skills for Prathomsuksa 4 Students. Master of Education (Educational Technology), Major Field: Educational Technology, Department of Educational Technology. Thesis Advisor: Associate Professor Surachai Prasertsaruay, M.Ed. 124 pages.

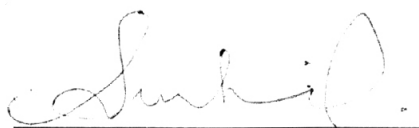

The objectives of this research were : 1) to design a web page on reading conclusion skills for Prathomsuksa 4 students with the efficiency 80/80 criterion, and 2) to compare the pretest scores with the posttest scores after learning through the web page.

The sample was 30 Prathomsuksa 4 students at Tangpiroontham school. Taweewatana district in Bangkok in the second semester of the 2006 academic year. The students were selected by the multistage random sampling technique. The research instruments were the web page on reading conclusion skills and an achievement test. Data were analyzed by mean, standard deviation and t-test.

The results showed the following: 1) web page on reading conclusion skills for Prathomsuksa 4 students was at 82.10/81.35 higher than the criterion, and 2) the posttest scores after learning through the web page were significantly higher than the pretest scores at .05
