

A DEVELOPMENT OF THE CONSTRUCTIVIST THEMATIC SCIENCE PROGRAM AT  
CHIANGMAI ZOO

AN ABSTRACT  
BY  
KANCHULEE PUNYAIN

Presented in Partial Fulfillment of the Requirements for the  
Doctor of Education Degree in Science Education  
at Srinakharinwirot University  
March 2008

A DEVELOPMENT OF THE CONSTRUCTIVIST THEMATIC SCIENCE PROGRAM AT  
CHIANGMAI ZOO

AN ABSTRACT  
BY  
KANCHULEE PUNYAIN

Presented in Partial Fulfillment of the Requirements for the  
Doctor of Education Degree in Science Education  
at Srinakharinwirot University

March 2008

## Acknowledgement

I would like to thank my advisor, Assoc. Prof. Dr. Sunee Haemaprasith, for all her time, guidance, and encouragement. I would like to thank my committee member, Assoc. Prof. Nipa Sripairot, for her patience in shepherding me through the statistics. I thank my committee member, Assist. Prof. Dr. Parin Chaivisuthangkura, for continually helping me to recalibrate my perspective and for his editing skills. I thank Dr. Prayoung Pongthongchareon for his supporting through countless drafts and revision.

In addition, I would like to express my appreciation to Dr. Orvil White and Mr. Carthell Everett for their helps, guidance and advice throughout my year at Indiana University.

I would be remiss if I did not thank my friends and my family for their continual patience and encouragement. This work is a tribute to my parents, Manop and Loan Punyain. Their love has been a constant source of comfort in trying time and unity in times of joy.

I also extend my gratitude to groups of experts, teachers and students whom I may not name.

Kanchulee Punyain

## TABLE OF CONTENTS

Chapter	Page
1 INTRODUCTION	
Background.....	1
Purpose of the study.....	6
Research question .....	6
Research hypothesis.....	7
Significance of the study.....	7
Delimitations.....	8
Conceptual framework of the study.....	9
Framework of the Study.....	10
Definition of the study.....	11
2 REVIEW OF THE LITERATURE	
Introduction.....	14
National Education Act B.E. 2542 (1999) and Amendments (Second National Education Act B.E. 2545 (2002) .....	15
Science education in Thailand .....	17
Constructivism: an underpinning philosophy of science education .....	21
The thematic approach to science teaching and learning.....	30
Informal science education.....	33
Education at zoo.....	38
Chiangmai zoo .....	42
3 METHODOLOGY	
Introduction.....	48
Phase one: program designing.....	49
Identifying learner needs.....	50

## TABLE OF CONTENTS (continued)

Chapter	Page
3 (continued)	
Articulating program intentions.....	51
Planning instruction.....	51
Planning instruction.....	51
Consulting with curriculum experts to examine and verify the draft CTSPZ.....	53
Pilot study.....	53
Revision of the draft science program for Chiangmai Zoo.....	53
Phase two: program implementation.....	55
Research design for the study.....	55
Participants.....	57
Setting.....	57
Instrument for data collection.....	57
Phase three: program evaluation.....	63
Data analysis.....	64
4 RESULTS	
Phase one: program designing.....	65
Identifying learner needs.....	65
Articulating program intentions.....	67
Planning instruction.....	68
Consulting with curriculum experts to examine and verify the draft CTSPZ.....	70
Pilot study.....	75
Revision of the draft science program for Chiangmai zoo.....	76
Phase two: program implementation.....	77
Phase three: program evaluation.....	77
Quantitative data analysis.....	78
Science process skills.....	78

## TABLE OF CONTENTS (continued)

Chapter	Page
4 (continued)	
Scientific attitude.....	86
Attitude towards science.....	89
Attitude towards the environment.....	92
Constructivist learning environment.....	95
Qualitative data analysis.....	96
Students' behaviors observation.....	96
Semi-instructional interview.....	100
5 CONCLUSION AND DISCUSSION	
Introduction.....	107
Research methodology.....	108
Conclusion.....	110
Discussions.....	116
Recommendation.....	123
Future study.....	125
BIBIOGRAPHY.....	127
APPENDIX.....	139
1 List of experts for research instrument.....	140
2 Research instruments.....	142
3 A constructivist thematic science program at Chiangmai zoo.....	159
4 Sample of unit of learning.....	173
5 Picture of learning activities.....	191
6 Sample of students' works.....	198
VITAE.....	202

## LIST OF TABLES

Table	Page
1 Piaget's stage of cognitive development.....	23
2 Point values of positive items and for negative items.....	59
3 The results of testing each subcomponent as a single.....	60
4 Reliability for the instrument in Thai version.....	61
5 Task analysis: zoo visit.....	66
6 A categorization of science process skills in the CTSPZ .....	69
7 Level of suitability of the draft program.....	71
8 Consistency of the draft program.....	73
9 Classification of subjects based on two school.....	77
10 t-test results of pretest scores of students' science process skills.....	79
11 t-test results of posttest score of student's science process skills.....	80
12 t-test results of posttest scores of a low score in science process skill student.....	81
13 t-test results of posttest scores of a high score in science process skill student.....	83
14 t-test results between posttest and retention score student's science process skills.....	86
15 t-test results of pretest score of student's scientific attitude.....	87
16 t-test results of posttest score of student's scientific attitude.....	88
17 t-test results between posttest and retention score of student's scientific attitude.....	89
18 t-test results of pretest scores of student's attitude towards science.....	90
19 t-test results of posttest scores of student's attitude towards science.....	91
20 t-test results between posttest and retention scores of student's attitude towards science.....	92
21 t-test results of pretest scores of student's attitude towards the environment.....	93
22 t-test results of posttest scores of student's attitude towards the environment.....	94
23 t-test results of between posttest and retention scores of student's attitude towards the environment.....	95

## LIST OF TABLES (continued)

Table	Page
24 t-test results between pretest and posttest score of constructivist learning environment.....	96

## LIST OF FIGURES

Figure	Page
1 Conceptual framework of the study.....	10
2 Framework of the study.....	11
3 A Constructivist model of curriculum development.....	26
4 Chiangmai zoo map.....	44
5 A Constructivist model for the CTSPZ program.....	48
6 Process for designing the CTSPZ program.....	49
7 Mixed method, control group interrupted time series.....	56
8 Instructional content for the CTSPZ program.....	68
