

ACKNOWLEDGEMENTS

I would like to extend my sincere appreciation and special gratitude to the Advisory Committee, Mr. Suchoti Daosukho as the Chairman for his valuable suggestion and encouragement, to Assoc. Prof. Dr. Jumnongruk Udomsade as the Major Committee for her beneficial guidance and improvement of the thesis, to Asst. Prof. Anuporn Suwanvajukkasikij as the Minor Committee for his kind support and recommendation, to Asst. Prof. Thavatchai Sankatiprapa and to Dr. Ginna G. Geal for their recommendation in thesis.

My special thanks are also extended to the officers of Vehicle, Building and Physical Plant Division, to all officers of Agricultural Extension and Communication, to all officers of Graduate School, Kasetsart University for their kind support information and help. Further, my special sincere thanks also go to all sanitation workers as the respondents, for their cooperation, valuable time and information.

I would like to express my heartfelt appreciation to George Hooker for his kind support and advice, to Tienchai Teeramaneekul for his great encouragement and great endurance, to Tanin Kongsila, to Jongdee Ouppakara, to Anchalee Boonpiamsook, to Dev. Com. batch 6's friends for their help and recommendation, and to Surinporn Sri-in for his recommendation in statistical analysis.

Lastly, I would like to extend my special gratitude to my family for their great encouragement and support. Further, my thanks also go to everybody who had a part in the making of this research work.
