

ACKNOWLEDGEMENT

This research would never have succeeded without the help and support from many people who contributed to the structuring of this work. The author would like to express appreciation to all.

The author wishes to express sincere appreciation to his advisor Dr.Trakool Aramraks and his committee Dr.Prasert Suwanwitaya and Dr.Suneerat Kusalasai for their useful and valuable guidance and suggestions.

Grateful thank to his parents and friends who have continuously given the best support of all kinds and inspired him with affection.
