

LIST OF FIGURES

Figure		Page
1	Bioactive secondary metabolites isolated from coprophilous fungi.....	22
2	Map of Thailand indicating the collection sites from 18 provinces.....	31
3	Elephant, eld's deers and camels at Khao Khaew Open Zoo, Chon Buri Province.....	32
4	Air dried dung samples.....	32
5	Incubation of dung in a moist chamber.....	33
6	Procedure for the preparation of crude extracts from the culture filtrate of <i>Ascodesmis macrospora</i> and <i>Sordaria fimicola</i>	41
7	Procedure for applying the crude extract in the column chromatography....	42
8	Concentrated fractions and Chromatographic tank.....	44
9	TLC plate shows dark band under UV lamp and separated compound by scraping.....	44
10	Photomicrographs of <i>Arthrinium phaeospermum</i> (Corda) M. B. Ellis...	62
11	Photomicrographs of <i>Arthrotrrys oligospora</i> Fres.....	63
12	Photomicrographs of <i>Ascobolus albidus</i> Crouan.	65
13	Photomicrographs of <i>Ascodesmis macrospora</i> Obrist.....	67
14	Camera lucida drawings of <i>Ascodesmis macrospora</i> Obrist.....	68
15	Photomicrographs of <i>Ascodesmis sphaerospora</i> Obrist.....	70
16	Camera lucida drawings of <i>Ascodesmis sphaerospora</i> Obrist.....	71

LIST OF FIGURES (Cont'd)

Figure		Page
17	Photomicrographs of <i>Cephalophora irregularis</i> Thaxter.....	77
18	Photomicrographs of <i>Cercophora silvatica</i> Lundq.	79
19	Photomicrographs of <i>Chaetomium cupreum</i> Ames	83
20	Photomicrographs of <i>Emericella rugulosa</i> Thom & Raper C.R. Benjamin.....	88
21	Photomicrographs of <i>Gelasinospora brevispora</i> Khan & Krug	94
22	Camera lucida drawings of <i>Gelasinospora brevispora</i> Khan & Krug....	95
23	Photomicrographs of <i>Memmoniella echinata</i> (Riv.) Galloway	97
24	Photomicrographs of <i>Pilobolus crystallinus</i> (Wiggers) Tode.....	106
25	Camera lucida drawings of <i>Pithomyces karoo</i> Marasas & Schumann ...	107
26	Photomicrographs of <i>Podosordaria leporina</i> (Ellis & Everh.) Dennis...	109
27	Photomicrographs of <i>Podospora curvicolla</i> (Wint.) Niessl	111
28	Camera lucida drawings of <i>Rhizopus oryzae</i> Went & Prinsen Geerligs..	113
29	Photomicrographs of <i>Saccobolus glaber</i> (Pers. per Pers.) Lamb.....	115
30	Photomicrographs of <i>Sordaria fimicola</i> (Roberge ex Desm.) Ces. & de Not. Lamb.	118
31	Photomicrographs of <i>Sporormiella minima</i> Auersw. Ahmed & Cain ...	121
32	Camera lucida drawing of <i>Sporormiella minima</i> Auersw. Ahmed & Cain	122
33	Photomicrographs of <i>Thielavia terricola</i> (Gilman & Abbott) Emmons..	127

LIST OF FIGURES (Cont'd)

Figure		Page
34	Photomicrographs of <i>Thielaviopsis</i> state of <i>Ceratocystis paradoxa</i> (Dade) C. Moreau	129
35	Photomicrographs of <i>Zopfiella latipes</i> (N. Lundq) Malloch & Cain.....	132
36	Antagonistic activity test of <i>Ascodesmis macrospora</i> KUFC 2456 against nine species of plant pathogenic fungi incubated as dual culture on PDA, 28 °C, 14 days.....	134
37	Colonies of different isolates of <i>Sordaria fimicola</i> on PDA at 28 °C, 7 days.....	136
38	Antagonistic activity test of six isolates of <i>Sordaria fimicola</i> (left) against eight species of plant pathogenic fungi (right) incubated as dual culture on PDA, 28 °C, 14 days.....	137
39	Chemical structures of 3-keto derivative of ergosterol.....	139
40	Chemical structures of ergosterol and 7,8-dehydroergosterol.....	140
