

ACKNOWLEDGEMENT

I would like to convey my special appreciation to the followings for their valuable contributions towards this study. Associate Professor Samakkee Boonyawat, Ph.D, my Chairman Advisor who offered me excellent guidance and useful ideas. Professor Nipon Tangtham Ph.D and Assistance Professor Kankhajane Chuchip, Dr.rer.nat the Committee Advisor for their constructive discussions and contribution to this study. I gratefully acknowledge Associate Professor San Kaitpraneet, Ph.D, Graduate School representative for devoting his precious time to this research.

Special thanks are due to Dr. Lal Samarakoon and Dr. Vivarad Phonekeo, Geoinformatics Center, Asian Institute of Technology. Mr. Sitthisak Moukhamlaa and his wife, Geo-Informatics and Space Technology Development Agency (Public Organization) for his kind help.

A scholarship from CREST 's Project, JST (Japan Science and Technology) under Prof. Dr. Masatoshi AOKI are greatly appreciated.

Heart felt thanks are also due to all my friends in Faculty of Forestry, Watershed Management.

Last but not least, I feel heartfelt to all members in my family for their everlasting supports until my long education period has finished.
