

ACKNOWLEDGEMENT

I would like to dedicate my sincere thank to people who have contributed either directly or indirectly to this thesis. I am deeply indebted to Assist. Prof. Dr. Siripon Anantawaraskul, my thesis advisor who provide the guidance and fruitful discussion throughout the course of this work. I appreciate guidance and suggestion from Assoc. Prof. Dr. Pitt Sapaphol, a co-advisor from The Petroleum and Petrochemical College, Chulalongkorn University. I would also like to thank Dr. Nanthiya Hansupalak, the thesis committee, for providing useful comments and suggestions during the thesis examinations.

The design, implementation and completion of program developed in this study would have been impossible without the help and contribution from the talented student Mr. Wichit Sirichanasap and Assist. Prof. Dr. Jittat Fakcharoenphol from department of Computer Engineering, Kasetsart University, who help carried out the preliminary investigations of this work.

Finally, I would like to thank the financial sponsors of this study by the Petroleum and Petrochemical Technology (PPT) Consortium, Asian Development Bank (ADB).
