

ACKNOWLEDGEMENTS

With great appreciation, I would like to express sincere and deep gratitude to my Advisor and Committee Chairman, Assistant Professor Dr. Duangchai Sookchaloem for her continuation and patient guidance, advice, criticism and support during my study and thesis preparation. I also would like to express my thank and honour to Associate Professor Dr. Suree Bhumibhamon as Major Advisor and Program Leader of Tropical Forestry Program for his willingness, guidance, advice, support and suggest for conducting my research in Ban Thung Soong, Krabi.

I express deep thanks to Assistant Professor Songklod Jarusombuti (Major Field Advisor) and Assistant Professor Dr. Yongyut Trisurat (Minor Field Advisor) as part of my Committee Members. Thanks to Mrs. Rachanee Pothitan and Dr. Khwanchai Duangsathaporn as representatives from the Graduate School during my comprehensive and thesis examination.

Warm thanks to the Bangkok Forest Herbarium (BFK) and Sirindhorn Plant Museum (BK) for assistance and permission use the herbarium laboratory during the plants identification study. Thanks to Mr. Thawatchai Wongprasert and Mr. Manop Poopath for their assistance during identification the plant specimens.

Especially thanks to people in Ban Thung Soong for nice cooperation, hospitality and support during study in BTS. Deep thanks to Mr. Montri Kaosa-ard (BTS Village Head), Mr. Pan, Mr. Chai and all parataxonomist in BTS for assistance and support during the field work and plants uses description.

Great gratitude and thanks to all good friends in KUFF for their willingness, assistance and support. Thanks to Mandy Maid for your support and help and to Mr. Adrian Hilman for grammar correction. Finally, to my families whose support me with love, spirit and always pray to Allah for my success and safety.

This research supported by Malaysian Government and Universiti Malaysia Sabah (UMS). I would like to express special thanks for them to give opportunities to study at Kasetsart University, Thailand and also to Faculty of Forestry, Kasetsart University.
