

Pornnapa Prajunna 2010: A Financial Efficiency Analysis of Jaturat Agricultural Cooperatives Ltd., Chaiyaphum during 1993-2007. Master of Arts (Cooperative Economics), Major Field: Cooperative Economics, Department of Cooperative. Thesis Advisor: Associate Professor Vinai Artkongharn, M.A. 118 pages.

The objective of this study was to analyze a change in financial ratio of The Jaturat Agricultural Cooperative Ltd., during 1993-2007 and compare the financial ratios with the average financial ratios of a group of Agricultural Cooperative in Thailand

First financial secondary data gathered from source such as balance sheets, and profit and loss statement of Jatutat Agricultural Cooperative Ltd., Annual report from 1993-2007 . This study used to approach to analyze financial institution called CAMELS . the researcher used this approach with the proportion of the cooperatives efficiency management in the way of capital strength, asset equity, earning sufficiency and liquidity.

The study found that the capital strength of the Jaturat Agricultural Cooperative Ltd., Was rate higher than standard. It's ratio of asset spending management was standard but capital stock and the reserve are lower than standard, resulting from the investment to increase more business. The profit was high and Liquidity was higher than standard .Therefore, the liquidity was good and enough for using money. Although ,the Jaturat Agricultural Cooperative Ltd., Raise many money deposit and good management , they still can control financial liquidity quite well.
