

ACKNOWLEDGEMENT

I would like to express my sincere thanks to people who have contributed either directly or indirectly to this thesis and the preparation of this report, Assoc. Prof. Dr. Thongchai Srinophakun, the thesis advisor, for the guidance throughout the course of this work. He has taken care of me in every step of this work and gave me many materials and valuable suggestions. I would like to thank Assoc. Prof. Dr. Penjit Srinophakun for many guidance and suggestions about problems on the biodiesel production. Moreover, I am thankful for Assoc. Prof. Supa Harnnongbua for many discussions and suggestion in this work. In addition; I would like to thank Mr. Vasavis Punnasukhirom, Mr. Pirawat Thongjun and Miss Darinee Sae-Tang for many knowledge and suggestions about the GaussViewW and GAUSSIAN 03W softwares and chemistry theory.

Finally, I wish to extend my gratitude to my parents and friends who supported and advised many things for me with their encouragement, help and discussion on this work.
